NO SECOND AVE. EXPRESS LINE

R. T. COMMISSION WON'T ADOPT INTERBOROUGH PLAN.

Grout and Two Others Oppose-Arguments Heard For and Against the Proposition-New Scheme for the West Side Subway to Include the P. R. R. Station.

Another public hearing was held yesterday by the Rapid Transit Commission on the proposal of the Interborough company to make an express road on the Second avenue elevated line by adding a second deck to the structure from Harlem to Third street, the express tracks descending into a subway at that point and continuing to Chambers street and then turning west to a terminal near the Hudson River.

The commission after the hearing made no announcement as to what action it might take with regard to the application, but it can be stated that three members of the board, including Comptroller Grout, are opposed to the plan, and that in consequence the requisite number of votes to pass it will not be obtainable.

The commission listened to arguments from individuals and representatives of civic and property organizations both in favor and in opposition to the scheme. The speakers who supported the project were mostly from The Bronx. They dwelt upon the fact that the new line could be completed within eighteen months, thus providing rapid transit for the East Side more speedily than by the building of subways, although they apparently forgot that the new service would be practically useless until the subway part could be built and that this section of the line would take as long to complete as the new underground roads now being considered by the commis-

In opposition it was urged that the build-In opposition it was urged that the building of another deck to the road would not only injure property interests along Second auenue but would be detrimental to the health and comfort of the residents of that thoroughfare. W. A. Clark of the City Club, referring to the promise of the Interborough company to take down the tracks if directed to do so by the city, at the end of twenty-five years, said: twenty-five years, said:
"Such language has a generous sound

The very astute petitioner might with equal propriety have promised to take them down in ten years. These tracks will be joined to a subway about a mile and threequarters long. Its clientele will become established. Tear the tracks down after twenty-five years? Of what use would such twenty-five years? Of what use would such a detached subway be? It will be the old story of a familiar evil. The next generation will not remember the promises of to-day, and if they do, the officials of this company may be depended upon to seek refuge again—the old familiar rôle—behind the skirts of so-called 'public convenience.'"

is intended by the commission to add yet another to te to the plans for new subways. The line mapped out for the West Side runs from the Battery under various streets to Wash-ington Square and thence under Fifth aveington Square and thence under Fifth avenue. Twenty-third street and Seventh avenue to Fifty-ninth street, where it turns west to Eighth avenue. The commission proposes to lay out an alternative route from Greenwich avenue to Sixty-second street to run under Eighth avenue. This will provide for intersecting the new Pennsylvania terminal.

sylvania terminal.

Next Thursday the commission will sit
as a committee of the whole to pass finally on the plans which have been prepared for the new subways. The decisions reached at that meeting will be passed upon by the ion at its meeting on the following

MAYOR HITS SALARY RAISING.

Borough Presidents Defiaht-Water Supply for Staten Island. Mayor McClellan made it clear at yester-

day's meeting of the Board of Estimate that he would not countenance a continuation of the systematic increase in salaries in the boroughs. On the board's calendar were numerous items calling was altogether too much salary raising and that it must stop.

There was a storm of protest from the the Mayor said the salary increases since \$214,900 and held up the table prepared by the Commissioner of Accounts to support | to do it his statement. The table showed in the Borough Presidents' offices these increases: Brooklyn, \$21,000: Bronx, \$39,000: Richmond, \$14,000; Queens, \$11,000 and Manhattan, \$6,400. The Mayor said a word of commendation of President Ahearn's conservatism and President Cassidy of Queens sniffed his disdain.

"I don't call that conservative," he said,

"I call it an indication of dry rot in Man-President Haffen of The Bronx justified all his increases by the growth of his borough and the increased valuations shown, while President Littleton of Brooklyn declared he is only sorry that he was unable to make all the increases he considered had been

all the increases he considered had been fairly earned.

The board approved, subject to further approval by the Mayor and Comptroller, a contract for ten years for supplying water to Staten Island. The Hudson County Water Company, which gets its supply from the plant of the East Jersey Water Company at Little Falls, delivers the water to the city mains at New Prighton the water to the city mains at New Brighton at a price dependent on the quantity of water taken. For the first 4,000,000 gallons daily \$70 a million; and so on down to \$55 a million gallons if seven or more million gallons are taken daily. The demand when the full system of mains is established is expected to exceed 10,000,000 daily.

DIDN'T EVEN HEAR CRAIN.

Board of Estimate Lays \$200,000 Demand

for Tenement Inspectors on the Table. Tenement House Commissioner Crain was turned down yesterd ,y by the Board of Estimate with a rapidi y that dazed him when he appeared to v.ge his request for \$200,000 to increase the number of inspectors in his department. The snub was so apparent and Mr. Crain was so keenly affected by it that the prediction was made by many in the City Hall that the next communication the Mayor would receive from Mr. Crain would be his resignation.

Shortly after the Allen street tenement fire, in which a score of lives were lost, there was much criticism of the Tenement House Department. Mr. Crain retorted by demanding more men and in a long address to the Board of Estimate declared that it would take \$200,000 to bring his force up to the proper standard of efficiency. The Commissioner was told that he should have initiated his proceedings in the Board of Aldermen. He took the advice and got the Aldermen to approve an appropriation

When the resolution came before the Board of Estimate yesterday the Mayor said "Utterly ridiculous" and the Comptroller echoed "Preposterous."

Unheeding, the Commissioner walked to the space reserved for those addresses

GANG OF ABDUCTORS SENTENCED

Terms All Told Exceed 100 Years-Woman Scored From Bench. The last of a number of men and women

who have been convicted of assaulting and abducting young East Side children, were sentenced yesterday by Judge Newburger in General Sessions. In the aggregate, the sentences amount to over a hundred years in State Prison. One of the worst, according to Judge

Newburger, was Mrs. Malke Goldberg. who was sentenced yesterday to ten years. She and her husband Abraham and a hunch-back named Joseph Cohen, were convicted of abducting Eva Edelstein. Goldberg and Cohen were sentenced to six years each.
